Note: Modules available only in gray. Waste bins not included in codes of modules.

# Waste Collection

## Waste Bins with Wheels

Street-Sweeper Bins for collecting and transporting garbage and waste in general. Cart parts such as axles, lids and wheels are supplied as spare parts.

### Waste Bins Gari Special Lid 31.7 / 63.4 gallons

Suitable for outdoor use in medium/large areas with high traffic of people. The special lid prevents the dispersion of odors and protects the content from water intake. 0.07 or 0.12 inches wheels make it easier to move the collector both for waste disposal and for cleaning and sanitizing.

Special lid, waste disposal, no hand contact.

## Super Mop

Convenience and efficiency are the main advantages of this system:

- Super Mop's self-wringing system efficiently removes liquids, thus ensuring a faster cleaning.
- Lightweight and ergonomic, it can be easily carried, thus facilitating the job of the operator.

Wax Application

## Wax Application

# Wax Application

## Wax Applicator Sets

### Set FINISH

Code  
CJ300

Set that allows the application of waxes or resins in a uniform and effective manner, without wasting chemicals, and with proven productivity.

#### The FINISH set consists of:

- 6.6 gallons polypropylene bucket;
- Screen for sorting out any dirt left on the floor after washing;
- Airtight lid that keeps the wax usable for up to two days;
- Applicator refill made 100% from microfiber that ensures the uniform application of the products;
- 4 PVC casters to move it around easier;
- Aluminum telescopic handle.

Description Items	Length	Width	Height	Weight	Code
Bucket - Plastic fabric and Lid	19.7 in	10.2 in	13 in	5.07 lb	BF200
Frame Plus	15.7 in	4.7 in	2.3 in	0.53 lb	MVAL400
2 units - Refills	15.7 in	7.1 in	1.5 in	0.66 lb	RF400
Telescopic handle	55.1 in	Ø 0.87 in		0.90 lb	C142EF

### Set PRATIC

- 6.6 gallons polypropylene bucket;
- Metal drainer to remove excess wax from the applicator glove;
- Airtight lid that keeps the wax usable for up to two days.
- Applicator and Glove made 100% from polyester that ensures the uniform application of the products;
- 4 PVC casters to move it around easier
- Telescopic aluminum cable.

Code  
CJ200

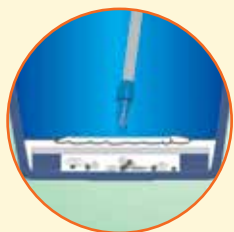

Floors with more uniform and cleaner layers provide a stronger and more durable gloss effect.

Description Itens	Length	Width	Height	Weight	Code
Bucket	19.7 in	10.2 in	13 in	6.4 lb	BDAPLC
Metalic Drainer	19.7 in	3.9 in	3.9 in	1.67 lb	BE201

17.7 in	2.3 in	1.18 in	6 units	0.94 lb	MVAC451

## Low Speed Floor Buffer

- Modern and bold design, this equipment offers double electrical insulation making it safer for operators.
- It has a "helical" gearing system with permanent lubrication and low noise.
- Three-pole electric cable with 393 inches in length.
- Its optional tank holds up to 1.3 gallons of cleaning solutions.

Anatomic handle with injected-in high resistance and anti-shock industrial plastic.

Trigger of the tank.

Exclusive on/off system lever system with safety lock

The control cable has a smart and innovative height adjustment system that does not require changing pedals.

Fortiprene injected wheels with high durability ensuring a quieter ride.

## Dust MOP Refills and Frames

### Profi

- Refill made from 100% acrylic fibers that allow for natural static, with superior result in the retention of particles.
- Looping system.

### Cotton Tech

- Refill made from mixed fibers, 85% cotton and 15% of acrylic fibers.
- Looping system.
- Great absorption of liquids.

### Euro

- Refill made from 100% acrylic fibers that allow for natural static, with superior result in the retention of particles.
- Fits into the frame.

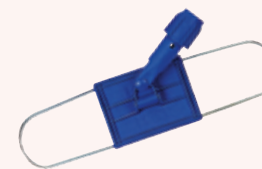

### Micro Tech

- Refill made from 100% microfiber with innovative lint-free woven fibers. High power of retention and abrasiveness in cleaning.
- Suitable for hospitals, laboratories and clean rooms.

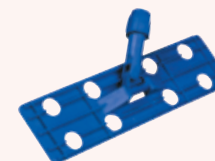

### High Tech - With Looping

- Refill made from 100% polyamide fibers that ensures a high static power.
- Its looping fiber system retains particles and provides excellent durability.

### Euro Frame

Made of high-strength polypropylene with a galvanized steel structure.

### Plus Frame

Suitable for hospitals, with the advantage of always looking new since it doesn't oxidize like the ones made of metal. Entirely made of high-strength polypropylene and easy to clean.

### Profi Frame

Made of high-strength polypropylene with a galvanized steel structure.

The image features a background with a blue and white geometric pattern. In the center, there is a large, white, rectangular cleaning tool with a blue handle, possibly a squeegee or a brush. Below it, there is a blue-handled squeegee with a metal frame. The background also includes a close-up of a glass surface being cleaned, with white foam and water droplets visible. The text "Glass Cleaning" is written in a bold, white font on a blue background in the upper right corner.

## Glass Cleaning

### Multipurpose Scraper - Rubber handle

Manufactured in Zamac with a carbon steel blade that provides excellent durability. They have a two-sided blade, a cutting side suitable for removing adhesive substances, paint, etc. and a non-cutting side for the removal of cement and for heavy-duty services, including work on floors and baseboards. It can be attached to the handles with conical tips and to the telescopic extensions. Very durable anatomical handle made of polypropylene and Fortiprene that provides greater comfort and safety as they ensure a firm and non-slippery grip.

Description	Length	Width	Height	Weight	Code
Scraper with Polypropylene handle	5.9 in	4 in	0.86 in	0.40 lb	RM100
Scraper with aluminum handle	15.8 in	4 in	0.86 in	0.72 lb	RM400
Scraper with aluminum handle	55.1 in	4 in	0.86 in	1.15 lb	RM150
Kit - 10 units Scraper blades	4 in	0.8 in	0.40 in	0.23 lb	LR800A

**Set of replacement blades increases the life of the scraper. Supplied in a plastic box with lid.**

## Glass Washer

Consisting of an anatomical handle that uses removable extensions and acrylic gloves. The advantage lies in adapting the extensions to the different glove sizes.

Width	Length	Height	Pack	Weight	Code
5.9 in	1.97 in	7.1 in	1 unit	0.34 lb	LV150
9.9 in	1.97 in	7.1 in	1 unit	0.42 lb	LV250
